

HELP FOR HAITI

The SGA would like to help the victims of the recent earthquake in Haiti. Beginning immediately, the SGA will sponsor a Coin Drive with the proceeds going to the American Red Cross. Each child is encouraged to bring coins and put them in a container located in his/her classroom.

This project, which will last through February, has the potential to raise thousands of dollars. If each child at Fort Dale eventually brings \$5.00, twenty five hundred dollars will have been raised. Please encourage your child to put money in the containers during the next several weeks.

We hope the children will experience a feeling of pride as they help those who are in need. Thank you in advance for all your contributions.

Isabella Wesley

SGA President
