

Students needing community service You can make a difference

Here is a perfect opportunity to get your community service hours in and do a great service for someone else. SouthernCare Hospice is a “special kind” of caring for terminally ill patients and their families in our area. Volunteers with as little as a couple of hours a month can provide joy and support to these patients and families. If you have a little time to donate and would truly like to “make a difference” in your life and others, please join this most rewarding volunteer program. Volunteer opportunities are endless; from office errands to support for the patients and even crafts in the Nursing Homes.

Don't wait to the last minute to get your community service in. If you would like to join, would like more information regarding hospice benefits or would like to receive more information on our volunteer program, please call Laurie Martin, Volunteer Services Coordinator @ 334-382-1406 or 1-866-394-3785.
